Dear Dr. Kirkpatrick:

RE: Management of Occult Pneumothoraces in Mechanically Ventilated Patients - Calgary Pilot Study

Ethics ID: E-18724

Student: Chad Ball

The above-noted proposal including the Research Protocol, Regained Capacity Consent Form (dated May 30, 2005), Data Collection Sheet, Physician Authorization (dated May 30, 2005), and Investigator Statement (dated May 30, 2005) has been submitted for Board review and found to be ethically acceptable.

Please note that this approval is subject to the following conditions:

- (1) consent for access to personal identified health information in retrospective chart review is not required on grounds considered under Section 50 of the Health Information Act;
- (2) a copy of the informed consent form must have been given to each research subject, if required for this study;
- (3) a Progress Report must be submitted by March 30, 2007, containing the following information:
 - i) the number of subjects recruited;
 - ii) a description of any protocol modification;
 - iii) any unusual and/or severe complications, adverse events or unanticipated problems involving risks to subjects or others, withdrawal of subjects from the research, or complaints about the research;
 - iv) a summary of any recent literature, finding, or other relevant information, especially information about risks associated with the research;
 - v) a copy of the current informed consent form;
 - vi) the expected date of termination of this project.
- 4) a Final Report must be submitted at the termination of the project.

Please note that you have been named as the principal collaborator on this study because students are not permitted to serve as principal investigators. Please accept the Board's best wishes for success in your research.

Yours sincerely,

Glenys Godlovitch, BA(Hons), LLB, PhD
